BOYD'S 'MINIATURE GALVANIC BATTERY.'

DEAR SIR:—I would like to have you act as agent in your section for the sale of Boyd's Battery. There has never been an article introduced to the public that has met with such a ready sale, and has given the universal satisfaction that Boyd's BATTERY has. Reports from agents, in every section of the country, are to the effect that the Battery has cured nearly every person that has worn it.

The list of testimonials, in Boyd's Quarterly Herald, which was received in the past few weeks, gives the names and addresses of parties that have been cured or benefited, so you can judge from them the wonderful curative properties of Electricity. The construction of the Battery is so arranged that it shows distinctly the various metals it is composed of; and it is so compact that the entire Battery is just the size around of a silver half-dollar, and exactly the same thickness. Some of my agents carry a hundred of them in their pockets, and leave one, with a circular, at every house; then they call the next day for the money or the Battery. In this way some agents are selling 50 a day.

The demand for the Batteries is so great that I give no special territory to any one agent, but allow them to sell wherever they can do so best.

PRICE LIST TO AGENTS FOR BOYD'S 'MINIATURE GALVANIC BATTERIES.'

1 Battery, - - - 50 cents.	20 Batteries, - - - \$5.00
3 Batteries, - - - \$1.00	24 " " " " - 6.00
6 " " " " - 1.50	40 " " " " - 10.00

16 " " " " - 4.00	200 " " " " - 50.00

There will be no discount made from the above, even if you were to give me an order for 10,000 Batteries at a time.

I find that it is cheaper to forward the Batteries by Mail, except when they are ordered in larger lots than 12 dozen at a time. *The money in every case must positively accompany the order, then I will pay the postage on the Batteries, and guarantee their safe delivery.*

The retail price of the Battery is fixed at 50 cents each, and I insist on my agents selling at that price. I have heard of some charging 75 cents and \$1.00 for them.

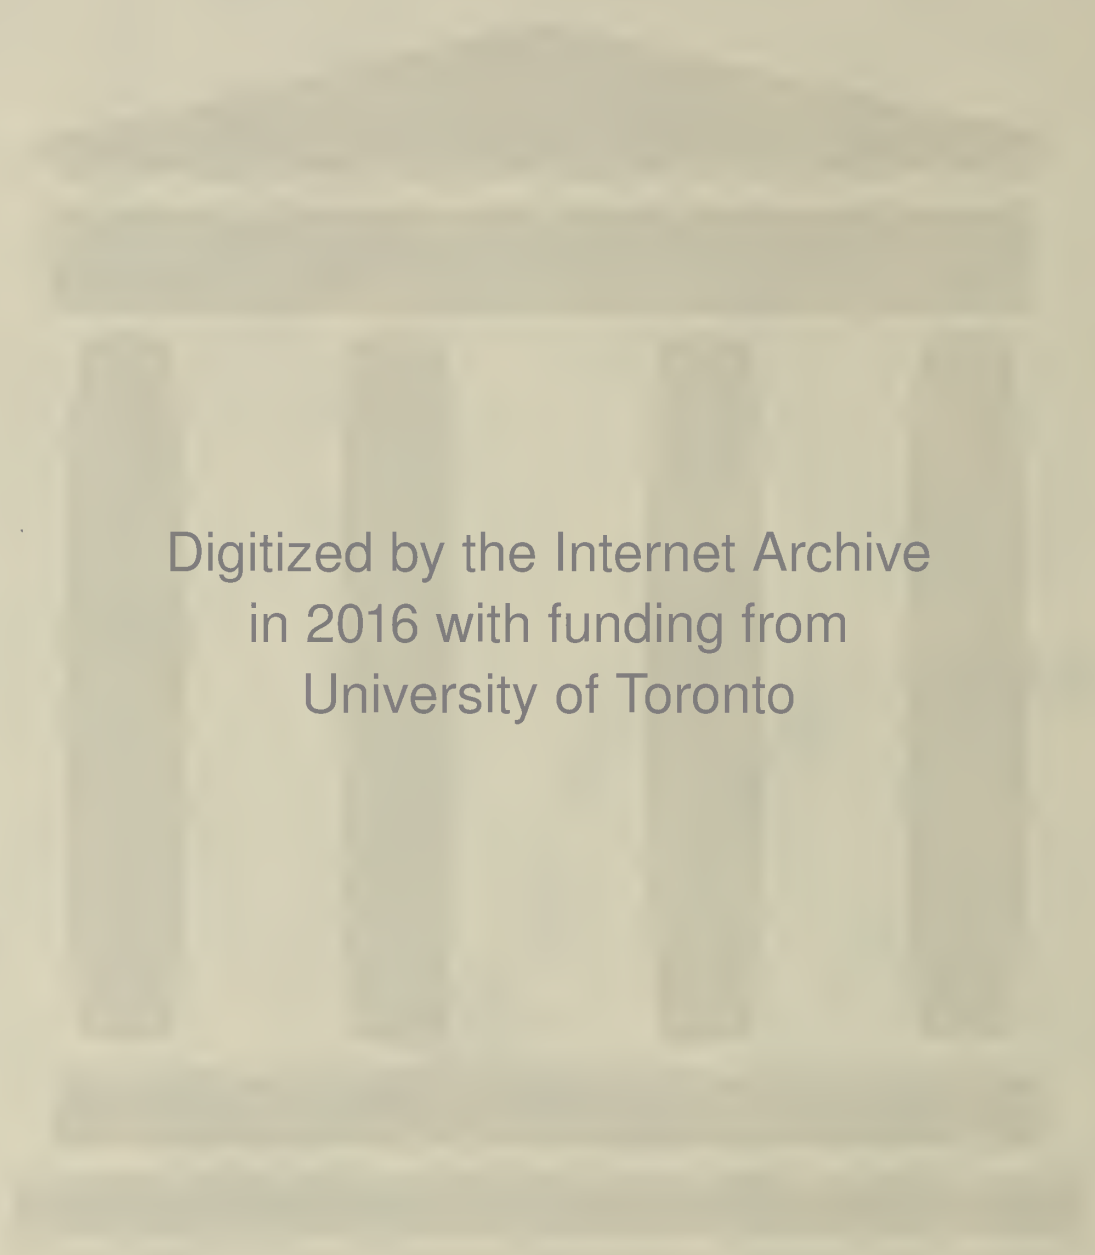

I will not be responsible for money unless it is sent to me by Draft, Check, Express, P. O. Money Order, or in Registered Letter. I will take postage stamps for a sample Battery.

Address all communications to

H. H. MENAGER, 117 St. Francois Xavier St., Montreal, Canada.

N. B.—Should an agent at any time wish to discontinue the sale of my Batteries, I will take back what he has left, and pay him in cash what he paid me for them.

H. H. MENAGER.
